In reviewing an application for conditional use, the Board of Commissioners shall apply the following design standards:

- A. That all proposed traffic access ways are adequate but not excessive in number; adequate in width, grade, alignment, and visibility; located not too near street corners or places of public assembly; and comply with other similar safety considerations as determined by the Township Engineer;

SECTION 1. Article 200, Section 206.1.B (Conditional Uses in R-6 Districts) shall be amended as follows:

- B. In any R-6 district, land, building, or premises shall be used for the following purpose(s) only on the condition that the design and location of said proposal are approved by the Board of Commissioners, acting upon recommendation of the Planning Commission, and that said approval shall be based upon a review of the Township's Comprehensive Plan, the impact of the proposed development upon the surrounding neighborhood, and that the plan complies with all design standards provided for by this ordinance.

SECTION 2. Article 700, Section 702.15.B (Fees in Lieu of Land for Recreation Purposes) shall be amended as follows:

- B. Fees in Lieu of Land. If the Board of Commissioners determines that recreation land suitable in size, shape, slope and accessibility is not available in a particular subdivision and/or land development, the Board of Commissioners shall require that the applicant deposit with the Township, prior to issuance of a building permit for a new residential unit, a cash payment in lieu of land reservation.
 1. Such deposit shall be placed in a Neighborhood Park and Recreation Improvement Fund to be established by the Board of Commissioners. Such deposit shall be used by the Township for the acquisition of recreation land or for the improvement of existing recreation land. Such deposit must be used for facilities that will actually be available to and benefit the persons in said subdivision or land development and located in the general neighborhood of said subdivision or land development.

2. The Board of Commissioners shall determine the amount to be deposited based upon a fee structure which is designed so that the amount of the fee approximates the value of the land which would have been required for reservation if suitable land had been available. Said fee shall be calculated upon the approximate average value of an acre of residential land in Haverford Township multiplied by 1.5 acres and divided by 100 lots or units.
3. If the Board of Commissioners determines that usable park and recreation land is available in a particular subdivision and/or land development, but is inadequate in size (i.e., less than the standard established in Section 702.15A(1), the Planning Commission may require a combination of fees and land reservation. In such cases, the fee shall be applied only to the number of lots or units which are not "covered" by the land reservation as determined by taking the exact acreage of the land reservation, dividing that number by 1.5 acres and multiplying by 100 lots or units.
4. No fee in lieu of dedication shall be required when less than two new developable lots are created.

- B. Emergency Appointments. In order to prevent stoppage of public business or loss or serious inconvenience to the public, appointment of persons, on a temporary basis, may be authorized by the Township Manager. Emergency appointments will be discontinued upon the termination of the emergency.
- C. Provisional Appointments. When an Eligibility List for a position does not exist, a person may be appointed to a position on a provisional basis. A provisional appointment shall continue only until an appropriate Eligibility List can be established, and certification for employment made therefrom, or shall expire automatically, three (3) months from the date of such appointment. The Director of the Department of Administration may approve the extension of a provisional appointment for additional three (3) month periods except that a provisionally appointed employee may not serve on a provisional basis for more than one year.
- D. Temporary Appointments. Temporary appointments may be made when a job or special project requires the addition of employees for a specific time. The Township Manager shall authorize such appointments upon the written recommendation of the Director of the Department of Administration stating the cause of the extra work, the probable length of employment and the duties which the appointee is to perform.
- E. Part-Time Appointments. Part-time appointments may be made when the fulfillment of the duties of a position require less than the time period associated with the normal work week or it is deemed in the best interests of the Township to fill a position by such an appointment. Part-time employees work less than the normal work week but without time limitation or specific restrictions as to continued employment.

Section 9.09 Promotions

- A. Vacancies in higher positions in the competitive class should be filled, as far as practical, by promotion from lower classes under the rules of competitive examination. Persons will be recruited for such positions, from outside the Township service, when there are no qualified candidates available for promotion. The Director of the Department of Administration shall, in each case, determine whether a competitive examination or a promotional examination will best serve the interests of the Township service in attracting well qualified candidates.
- B. In all promotional examinations, consideration shall be given to prior service with the Township and performance ratings received as a result of such service. Such consideration shall be made a part of the overall promotional evaluation criteria. No employee shall be eligible for promotion until he has completed his probationary period.
- C. Promotions, in every case, must involve a definite increase in duties and responsibilities and shall not be made merely for the purposes of effecting an increase in compensation.

Section 9.10 Probation

- A. All employees in the competitive class shall be required to undergo a probationary period of service upon original appointment or promotion. Such a probationary period shall not be less than three (3) months nor longer than twelve (12) months, dependent upon the position. The Director of the Department of Administration shall establish a probationary period for each class of positions in the competitive class.
- B. At such times during the probationary period, in such manner as the Director of the Department of Administration may require, the appropriate appointing authority shall report to the Director of the Department of Administration his observation of the employee and his judgment as to the willingness and ability of the employee to perform his duties satisfactorily and as to his dependability. At anytime during his probationary period, the appointing authority may remove an employee if in the opinion of the appointing authority the probation indicates that such employee is unable or unwilling to perform his duties satisfactorily or that his dependability does not merit his continuance in the Township service or in the position for which the period of probation applies. Upon such removal, the appointing authority shall give notification, in writing, to the Township Manager, the Director of the Department of Administration and to the employee, so removed, as to his action and the reasons therefor. An employee so removed during a probationary period, resulting from promotion, shall have the right to and shall be returned to the position or classification held immediately prior to such promotion.

- C. An employee shall be retained beyond the end of the probationary period and granted permanent status only if the appointing authority affirms that the services of the employee have been found to be satisfactory and recommends that the employee be given permanent status in the position to which he has been appointed or promoted. At least 10 days prior to the expiration of an employee's probationary period, the appointing authority shall notify the Director of the Department of Administration and the Township Manager, in writing, as to whether or not the employee has satisfactorily completed his probationary period. A copy of such notice shall be given to the employee.

- B. To resign in good standing, an employee must give his department head at least fourteen calendar days prior notice. Failure to comply with this rule shall be entered on the service record of the employee and may be cause for denying future employment with the Township.
- C. Lay-offs shall be announced by the Township Manager, with the approval of the Board of Commissioners, when he deems it necessary by reasons of shortage of funds or work, the abolition of the position or other material changes in the duties or organization, or for related reasons which are outside the employees control and which do not reflect discredit upon the service of the employee. The duties performed by any employee laid off may be reassigned to other employees already working who hold positions in appropriate classes. No employee who has successfully completed his probationary period and gained permanent status shall be laid off while another person with non permanent status is employed in the same class.
- D. The criteria used in determining the layoff of employees, in priority order shall be as follows:
- (1) Priority of Position - Each position will be rated against all other positions with the Township's best interests to be used as the criteria.
 - (2) Employee's Performance Evaluation - Each employee's performance will be periodically reviewed and evaluated according to his skills, dedication, absentee record (including latenesses), attitude toward other employees and supervisors, cooperativeness, and general work habits, as more fully set forth in Section 9.15 of this Article
 - (3) Seniority - Length of service with the Township.

- D. Employees separated from the service through no fault of their own may be placed on a preferred re-employment list for the class of position occupied at the time of separation. UNITED STATES OF AMERICA

COMMONWEALTH OF PENNSYLVANIA

TOWNSHIP OF HAVERFORD

10% GENERAL OBLIGATION BOND, SERIES OF 1982

KNOW ALL MEN BY THESE PRESENTS, that the Township of Haverford, Delaware County, Pennsylvania (the Township), a municipal corporation of the Commonwealth of Pennsylvania, for value received, hereby acknowledges itself to be indebted and promises to pay, upon surrender hereof, to the bearer or, if this bond is registered as hereinafter provided, to the registered owner hereof,

on the fifteenth day of June, 1987, unless sooner called for redemption and payment of the redemption price made or provided for, the principal sum of FIVE THOUSAND DOLLARS (\$5,000) and to pay interest thereon from June 15, 1982 at the annual rate of ten percent (10.0%), payable initially on December 15, 1982 and semi-annually thereafter on June 15 and December 15 of each year, but only upon presentation and surrender of the interest coupons hereto attached as they severally become due, until the Township's obligation with respect to the payment of the principal sum shall be discharged as provided in the Ordinance hereinafter mentioned. The principal of and interest on this Bond shall be payable in lawful money of the United States of America, at the principal corporate trust office of The Philadelphia National Bank in Philadelphia, Pennsylvania (the Paying Agent).

This Bond is one of a duly authorized issue of General Obligation Bonds, Series of 1982 (the Bonds), of the Township in the aggregate principal amount of \$515,000 in the denomination of \$5,000 each, numbered V1 to V103, inclusive, all of like date and tenor, and all issued in accordance with the Local Government Unit Debt Act of the Commonwealth of Pennsylvania, Act 52 of 1978 approved April 28, 1978, as amended (the Act), pursuant to an ordinance of the Township duly enacted by the Board of Commissioners of the Township on June 1, 1982 (the Ordinance).

The Act provides that this Bond, its transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation for state and local purposes within the Commonwealth of Pennsylvania, but this exemption shall not extend to gift, estate, succession or inheritance taxes or to any other taxes not levied directly on the Bonds, the transfer thereof, the income therefrom, or the realization of profits on the sale thereof.

The Bonds are subject to redemption prior to maturity by the Township by lot from moneys to be deposited in the Sinking Fund established under the Ordinance at a redemption price of 100% of principal amount together with accrued interest to the date fixed for redemption. The Township hereby covenants that it will cause the Paying Agent to select by lot, to give notice of redemption and to redeem the Bonds at said price from moneys deposited in the Sinking Fund sufficient to effect such redemption (to the extent that the Bonds shall not have been previously purchased from said moneys as permitted by law) on June 15 of the years and in the annual principal amounts as set forth in the following schedule:

Mandatory Redemption Schedule

100,000	1986

This Bond shall pass by delivery or it may be registered as to principal only at the principal corporate trust office of the Paying Agent by endorsement upon the back hereof by the Paying Agent, after which no transfer shall be made except by the registered holder or holders in person or his or their attorney duly authorized in writing, provided, however, that this Bond may be transferred to bearer at the option of the holder or holders for the time being, but no such registration as to principal shall affect the negotiability of the coupons hereto attached, which shall continue to be transferable by delivery merely.

The Township and the Paying Agent may treat the bearer of this Bond if it shall not at the time be registered as to principal, the registered owner of this Bond if it shall at the time be so registered, and the bearer of any coupon appertaining hereto, whether or not this Bond shall be so registered, as the absolute owner of this Bond or of such coupons, as the case may be, for all purposes, and neither the Township nor the Paying Agent shall be affected by any notice to the contrary.

The Township, pursuant to recommendations made by the Committee on Uniform Security Identification Procedures, has caused CUSIP numbers to be printed on the Bonds and has directed the Paying Agent to use such numbers in notices of redemption and other notices, if any, as a convenience to bondholders. No representation is made as to the accuracy of such numbers either as printed on the Bonds or as contained in any notice and reliance

may be placed only on the identification numbers prefixed "V" printed hereon.

No recourse shall be had for the payment of the principal of or interest on this Bond, or for any claim based hereon, against any member, officer or employee, past, present or future, of the Township or of any successor body, as such, either directly or through the Township or any such successor body, under any constitutional provision, statute or rule of law, or by the enforcement of any assessment or by any legal or equitable proceeding or otherwise, and all such liability of such members, officers or employees is released as a condition of and as consideration for the execution and issuance of this Bond and the coupons appertaining hereto.

It is hereby certified that the approval of the Department of Community Affairs of the Commonwealth of Pennsylvania for the Township to issue and deliver this Bond has been duly given pursuant to the Act; that all acts, conditions and things required by the laws of the Commonwealth of Pennsylvania to exist, to have happened or to have been performed, precedent to or in the issuance of this Bond or in the creation of the debt of which this Bond is evidence, exist, have happened and have been performed in regular and due form and manner as required by law; that this Bond, together with all other indebtedness of the Township is within every debt and other limit prescribed by the Constitution and the statutes of the Commonwealth of Pennsylvania; that the Township has established with the Paying Agent a sinking fund for the Bonds and shall deposit therein amounts sufficient to pay the principal of and interest on the Bonds as the same shall become due and payable; and that for the prompt and full payment of all obligations of this Bond, the full faith, credit and taxing power of the Township are hereby irrevocably pledged.

Neither this Bond nor any coupon for interest hereon shall be entitled to any benefit under the Ordinance nor be valid nor become obligatory for any purpose until this Bond shall have been authenticated by the Paying Agent, by execution of the certificate endorsed hereon.

BE IT ENACTED AND ORDAINED by the Board of Commissioners of the Township of Haverford, County of Delaware, Commonwealth of Pennsylvania, that Ordinance No. 1580, as amended, known as the Haverford Township Zoning Ordinance of 1974, as amended, be further amended in the following respects:

SECTION 1. Section 405.1(A) shall be amended by adding thereto the following paragraph:

"4. Landfills, including sanitary landfills, when operated by a municipal authority or by a municipality, shall be permitted as a conditional use upon application and approval of the Board of Commissioners in accordance with Article 1200."

SECTION 2. Section 404.1(A) shall be amended by adding thereto the following paragraph:

"12. Landfills, including sanitary landfills, when operated by a municipal authority or by a municipality, shall be permitted as a conditional use upon application and approval of the Board of Commissioners in accordance with Article 1200."

SECTION 3. An Article shall be added to the Ordinance as follows:

ARTICLE 1200

SECTION 1201 - CONDITIONAL USES

Where this Ordinance has provided for conditional uses to be granted or denied by the Board of Commissioners, the procedures outlined in this Article shall be adhered to and the Board shall give consideration to such conditional uses in accordance with the criteria set forth herein.

SECTION 1202 - APPLICATIONS

Application for a conditional use shall be made to the Board of Commissioners and shall be accompanied by a plan of the property showing the details of the use proposed, along with such other written and graphic material as may be required by the Board to adequately make the determinations set forth herein.

The application shall be accompanied by such fees as shall be set forth in a resolution of the Board of Commissioners, in an amount sufficient to cover all Township costs.

SECTION 1203 - PUBLIC HEARINGS

Within forty-five (45) days after the filing of an application, the Board of Commissioners shall hold a public hearing pursuant to public notice.

SECTION 1204 - DETERMINATION BY THE BOARD OF COMMISSIONERS

The Board of Commissioners shall within ninety (90) days of the date of such hearing render a final decision, and shall by official communication to the applicant either:

- a. Approve the application as presented;
- b. Disapprove the application as presented;
- c. Approve the application subject to specified conditions.

Failure to act within the said period shall be deemed to be a grant of approval of the application.

SECTION 1205 - GENERAL STANDARDS

In considering any conditional use permitted by this Ordinance, the Board shall, among other things,:

- a. Assure itself that the proposed use is consistent with the spirit, purpose and intent of the Zoning Ordinance.
- b. Determine that the proposed use will not substantially injure or detract from the use of the neighborhood property or from the character of the neighborhood, and that the use of the property adjacent to the area included in the proposed change or plan is adequately safeguarded.
- c. Determine that the proposed use will serve the best interests of the Township, the convenience of the community (where applicable), and the public welfare.
- d. Consider the effect of the proposed use upon the logical, efficient, and economical extension of public services and facilities such as public water, sewers, police and fire protection, and public schools, and assure adequate arrangements for sanitation in specific instances.
- e. Be guided in its study, review and recommendation by sound standards of land development practice where applicable.

- f. Guide the development of State and County highway frontage insofar as possible so as to limit the total number of access points and encourage the frontage of building on parallel marginal roads or on roads perpendicular to the highway.
- g. Impose such conditions, in addition to those required, as are necessary to assure that the general purpose and intent of the Zoning Ordinance is complied with, which conditions may include, but are not limited to, harmonious design of buildings, planting and its maintenance as a sight or sound screen, and the minimizing of noxious, offensive or hazardous elements.
- h. Weigh each case on its own merits, separately, based upon pertinent information presented or known to the Board, and without regard to any previous case.

SECTION 1206 - SANITARY LANDFILL AS A CONDITIONAL USE

- A. Applications - An applicant wishing to establish and operate a sanitary landfill shall present the following with its application:
 - 1) A topographical drawing, prepared by a registered engineer to a scale no greater than 1" = 200' showing:
 - a. Location of site relative to public roads;
 - b. Owners of adjacent properties;
 - c. Proposed fencing and improvements;
 - d. Proposed screening.
 - 2) Statement from Pennsylvania Department of Environmental Resources or its successor indicating the general feasibility of the site for development as a sanitary landfill. Such statement must indicate preliminarily the appropriateness of the site, but need not include completion of actual on-site testing for soil, ground water, and rock conditions.
 - 3) Information as to owner of site, and relationship of applicant to owner.
 - 4) Statements indicating expected useful life of site as sanitary landfill and condition of site upon completion of operation.
 - 5) Statement as to estimated number of vehicles weighing over 20,000 pounds, loaded, which are expected to use site on daily basis, during first two (2) years of operation.

- 6) Statement of applicant's prior experience, if any, in operating sanitary landfills.

B. Requirements and Standards Applicable to Sanitary Landfills -
Prior to approving a site for use as a landfill, the Board of Commissioners shall:

- 1) Require that any application for a sanitary landfill be in compliance with the requirements of the Pennsylvania Department of Environmental Resources and that, prior to the onset of operation of such landfill, a permit be obtained from the Pennsylvania Department of Environmental Resources for said operations;
- 2) Require that such landfill be so located that safe and adequate access is available over public roads at all times. In doing so, the Board may require that any road providing access to the proposed landfill be a minimum of twenty-four feet (24') in width and paved with surface and base course of sufficient depth to withstand traffic loads determined by the number and weight of trucks anticipated in the daily operation of the proposed landfill. The Board may further require that the cost of improvement of roads to provide this standard of access may be assessed against the applicant either by requiring contribution of moneys sufficient to pay for the improvement on the road or by assessing dumping fees on the operation of said landfill sufficient to pay for the improvement and maintenance of access roads;
- 3) Require that provision be made by applicant that all trucks entering and leaving the landfill shall be covered and that as a part of the daily operation of the landfill roads used for access to the landfill be patrolled daily to pick up and dispose of scattered and blowing papers or other refuse;
- 4) Require that the landfill be properly fenced to prevent blowing papers and other nuisance on adjoining properties;
- 5) Be assured that the proposed operation will not cause a nuisance or otherwise impose a hardship on adjoining property owners and within the Township in general;
- 6) Require that the final grading of the land be done in a manner so that the land is left in a useful condition and encourage the owners and operators of the proposed landfill to provide for the future dedication of properties used for landfill purposes to the Township for park and recreational facilities.

- C. Status of Application Following Township Approval -
Approval granted shall be final, unless during the course of obtaining final approval from the Pennsylvania Department of Environmental Resources substantial variations are made in the plans submitted, in which latter event such approval shall be considered conditional only; and further application shall be made to the Board of Commissioners for final approval. Nothing in this Ordinance shall be construed so as to supercede or set aside any lawful requirement imposed by the Pennsylvania Department of Environmental Resources.
