ABOUT LITTLE EXPLORERS

Little Explorers is designed to allow children to play, explore and experiment in a safe and nurturing environment. We use play and creative activities to help children develop social awareness and self control.

Our daily routine consists of playing, exploring, building relationships (with peers and adults), and having fun. Your child will be encouraged to make decisions on how to spend their free choice time inside our classroom. We will help guide the children through learning how to treat the many materials in our room, how to play cooperatively with the other children, and how to be responsible for maintaining our classroom environment.

The day will consist of:

Inside play and activities

Circle time

Snack

Reading and sharing stories

Lunch (provided by the parent)

Outside Play
