

Haverford Township Facility Permitting Policy

- Any group of 15 or more must have a permit to use Township facilities.
- By law outside groups cannot be excluded but Township groups are given priority.
- Groups having permits have preference for use of specific areas.
- One day permits are issued on a first come basis.
- If a customer chooses to book a rain date, both dates must be paid in full. There will be no refund for the unused date.

Seasonal permits (3 or more dates in a season) are issued in the following order of priority;

1. Township groups (over 60%) who had prior use of the facility,
2. Township groups who are new requests for a facility,
3. Outside groups who had prior use,
4. Outside groups who are new requests.

There is no fee for one day permits, or youth groups and civic group's seasonal permits. There is a fee for adult seasonal permits.
